

PSEP Advisory Committee Goals

- Update and modernize producer training videos with a focus on featuring University of Kentucky faculty and staff.
- Provide additional commodity specific training videos and presentations.
- Develop resources for county agent led hands-on training activities for producer training.
- Develop a framework for an online database of training materials to be accessed by county agents after specific continuing educational requirements have been achieved.
- Host annual in person workshops targeted at new county agents to enable those individuals to successfully gain Category 10 certification.
